Contents

1	Optimizing in \mathbb{R}^2..	2
2	..and in \mathbb{R}^3	3
3	The \mathcal{L} Function	4
4	$\nabla \mathcal{L} = 0$	5
3	The \mathcal{L} Function	6
4	$\nabla \mathcal{L} = 0$	7

Section 1: The Extreme Value Theorem

Chapter 1

Optimizing in \mathbb{R}^2 ..

Chapter 2

..and in \mathbb{R}^3

Section 2: The Method of Lagrange Multipliers

Chapter 3

The \mathcal{L} Function

Chapter 4

$$\nabla \mathcal{L} = 0$$

Section 2: The Method of Lagrange Multipliers

Chapter 3

The \mathcal{L} Function

Chapter 4

$$\nabla \mathcal{L} = 0$$
